

## Carmen's dream: to be a social worker.

In this issue we will share with you the life story of one of our church's youth girl. She has been benefited by the Students Support Program supported by Didcot Baptist Church.

## We celebrated Teacher's Day!

On Sunday, June 24, we celebrated Teacher's Day in our church and gave a small gift to the whole team to say Thank you! We are happy with God for giving us an excellent team of teachers in the church. Our children are very happy with their teachers.

## Youth visits

Two young people from the Nazareth Baptist Church celebrated with us last Sunday at the youth meeting. We are cultivating friendly relationships with other youth groups in other churches. On July 7, IBECORD youth will visit the Church of Santa Tecla.

## Father's Day

On Sunday, June 17, we celebrate Father's Day in our church. It was a very special and family day. There were gifts and our children prepared a special song for them. We ask for prayers for God to help our parents be better every day for their children. Amen.

## Students Support Program

Carmen Idalia Reyes is a member of our church since she was a child. Now she is a 23 year old woman who is getting closer and closer to achieving her dream: to be a social worker. She studies at the National University of El Salvador and she is in her fifth year, the last of his career. Everything has been possible thanks to the scholarship program financed by the Didcot Baptist Church.

Carmen has a difficult life. She lives alone with her mother, Adela, and her younger sister, Xiomara, in San Roque, a small community on the outskirts of San Salvador where, for some years now, crime and poverty have increased. Xiomara, her sister, can not read or write because she is deaf. Her mother works in domestic services. For both of them, Carmen is hoping to improve her family situation.

She wants to graduate and find a job that allows her to help her mother with household expenses and support her sister. If the scholarship program did not exist, it would be more difficult for Carmen to fulfill her goals. Her mother can not pay for everything that means a career in college.

Carmen is a good student, intelligent and very capable of being a great professional. She has taken advantage of the opportunity provided by the scholarship and has shown that she wants to improve her life, finish her studies and continue to specialize in her area.

Thanks to the scholarship program, Carmen has been able to continue dreaming. But not only she is a good student, but also a great collaborator in our church. She is part of the Divina Providencia Hospital team, teacher of Sunday Bible school and children's handicrafts.

She attends every Sunday and is very active in the youth group of the church. With the help of God and the Didcot Baptist Church, we are sure that she will fulfill her dream very soon. Thanks Didcot!
